

last update 4-2018

	Maan BOUBOU PHD in Engineering Sciences Specialty: Hydrographic Survey	Dr.Eng in civil engineering Assistant Professor at Topographic Engineering Department, - Civil Engineering Faculty, - Tishreen University , Lattakia-Syria

Personal information

Gender	M/ Married	Official Email	m-boubou@tishreen.edu.sy
Date of birth	1970	Email-2	manbou2470@yahoo.com
Address	Lattakia -Syria	Email-3	maan2470@hotmail.com
Nationality	Syrian		
Driving License	B		
Telephone/ Mobile	+963 932 827 720		

Academic qualifications

2005	Doctoral thesis: Title: " Studies and researches about topographic and geodesic measurements in the costal and the marine areas ".(published in Romanian) Date of Discussion: 24-06-2005 University: <i>Technical University of Construction – Bucharest, Romania, www.utcb.ro</i>
1993	Diploma in Civil Engineering <i>Topography Department, Faculty of Civil Engineering, Tishreen University, Lattakia-Syria</i>
1988	Scientific Baccalaureate - Lattakia, Syria.

Work Experience and Training

2006 to present	Assistant Professor (Hydrographic Survey Course)	Topography Department, Faculty of Civil Engineering, Tishreen University, Lattakia-Syria
2013 .to present	Assistant Professor (Topographic Instruments Course)	Topography Department, Faculty of Civil Engineering, Tishreen University, Lattakia-Syria

last update 4-2018

2017	Study for Safety of Services Tunnels for Basateen al-Razi (Zone 101)	Damascus - Syria
2010 & 2017	Scientific research: Hydrographic & Topographic Survey for 16 Tishreen Lake (11Km ²).	Lattakia Syria
2017	Topographic Study & Survey for al-Safkun road (4.5Km) Project to study handling of landslides on the old road of Lattakia – Aleppo.	Lattakia Syria
2015	Verification of Topographic & Hydrographic Survey for Reparation of Jableh fishing Port and reinforcement of the gap in the main wave breaker, Project	Lattakia Syria
2013	Topographic Study & Survey for the Railway Project from Sherbet Station to the free zone,	Lattakia Syria
2011	Verification of Topographic Study & Plans for 2 nd Line of Potable Water Project from Alsin River to Lattakia	Lattakia Syria
2009-2010	Topographic Survey for Sewage Project, Hussain Al-baher Village	Tartus – Syria
2009	Topographic Survey for Faraby University, Derwtan Village	Lattakia Syria
2008-2010	Assistant Processor (Maritime Navigation Course)	Topography Department, Faculty of Civil Engineering, Alippo University, Aleppo-Syria
2006	Verification of Topographic Study & Plans for Master plan of Tartus University	Tartus – Syria
2005	Scientific Research: Observation The Deformation of Maritime Constructions	Constanta Port-Romania
1997-2000	Assistant (Topographic & survey course)	Topography Department, Faculty of Civil Engineering, Tishreen University, Lattakia-Syria
1994-1997	Engineer	Topography Department, Faculty of Civil Engineering, Tishreen University, Lattakia-Syria

last update 4-2018

1992-1993	End of study project “ Observation The deformation of constructions ”	Topography Department, Faculty of Civil Engineering, Tishreen University, Lattakia-Syria
-----------	--	--

Technical skills and competences

<i>Very good computer skills, knowledge and proficiency in several software:</i>	
Hydrographic Survey Software	HYPACK
Engineering Software	AutoCAD, Autodesk land desktop
Different Software	Microsoft office (Word, Excel, Power point, Outlook express)
Surveying Instruments	<ul style="list-style-type: none"> - Theodolite. (manual & digital) - Leveling Instruments (manual & digital) - Totale Station. - GPS
Surveying Instruments Reparation & Calibration	<ul style="list-style-type: none"> - Theodolite. (manual & digital) - Leveling Instruments (manual & digital) - Totale Station.

Publications

1) 2015	Paper
Using Geodesic Methods for Testing the Efficiency of Carbon Fiber Reinforcement (published in Arabic)	
Maan Boubou,. Mouhsen Ahmad	
<i>Tishreen Univ. Journal for Research and Scientific Studies</i>	

2) 2014	Paper
Proposing and Derivation the Baseline of the part of the Syrian Coast to Identify Marine Territorial Boundaries (The Coast of Lattakia) (published in Arabic)	
Maan Boubou,. Mouhsen Ahmad	
<i>Tishreen Univ. Journal for Research and Scientific Studies</i>
